B. Employees and Professionals Serving the Redevelopment Commission

<u>Name of Employee:</u>	<u>Fixed Salary</u>
--------------------------	---------------------

Amanda Leach (Recording Secretary)	\$350.00 Annually
------------------------------------	-------------------

Stephen Watson of Williams Barrett & Wilkowski LLP served as the Redevelopment Commission's ("RDC") outside counsel as an independent contractor and Williams Barrett & Wilkowski LLP received a total of Fifty Two Thousand Two Hundred and Sixty Six and 45/100 dollars (\$52,266.45) in exchange for his services in 2016.

RDC members received a One Hundred and no/100 Dollar (\$100.00) per diem for each meeting attended in 2016. The aggregate compensation totaled approximately Seven Thousand Three Hundred and no/100 dollars (\$7,300).

The RDC also received financial, legal, engineering, planning, and project management services from City employees including Kevin Steinmetz (Capital Projects Manager), Jody Long (Controller), Krista Taggart (Corporation Counsel), John Shell (Project Manager), Bill Peoples (Planning Director), Terry McLaughlin (Deputy Mayor), and Mark Richards (City Engineer) at no cost to the RDC.

C. Significant Expenditures and Projects for Fiscal Year 2016

In 2016, construction was completed on the Worthsville Road Section 4a Improvement Project. The RDC disbursed a total of Three Million Two Hundred Fifty Seven Thousand Eight Hundred Four and 09/100 Dollars (\$3,257,804.09) for this project. The project is funded by Twenty One Million Five Hundred Thousand and no/100 Dollars (\$21,500,000) in 2013 TIF Revenue bonds.

Section 4a of the Worthsville Road improvement project was designed to increase the traffic capacity of Worthsville Road between a new interchange off of Interstate I-65 and U.S. Highway 31. Expenditures included road construction, roundabout construction (at Sheek Road and Worthsville Road), pathway construction, stormwater infrastructure improvements, design and engineering costs, and other soft costs. The debt service for this project is being paid by revenue from the Eastside Economic Development Area. An official ribbon cutting for this section was held in September of 2016 at the newly constructed trailhead.

Additionally, the RDC committed a portion of the remaining 2013 bond proceeds to begin designing Worthsville Road section 4b. This section of the project expands section 4a to the east by connecting Greenwood to Interstate 74, and is anticipated to cost Three Million Five Hundred Thousand and no/Dollars (\$3,500,000.00).

In addition to Worthsville Road, the RDC paid Eight Hundred Eighty Two Thousand Two Hundred and Seventy Two and 92/100 dollars (\$882,272.92) for Eastside TIF road improvements. The majority of this project was allocated to full depth reclamation work on Collins and Graham Roads. Collins Road and Graham Road have seen significant increases in heavy truck traffic due to industrial and logistics growth within the Eastside TIF.

In 2016, the RDC purchased the Greenwood School Corporation middle school property located on nearly 20 acres of land in downtown Greenwood. Through a sale/lease-back structure, the school will continue to operate at the site through the summer of 2017. Once their new middle school is complete and our property has been vacated, the RDC plans to dramatically redevelop the site. With the inclusion of professional services, the RDC spent One Million Fifty Eight Thousand Seven and 11/100 Dollars (\$1,058,007.11) in order to acquire the facility and land.

The Commission invested Four Hundred Forty Six Thousand Six Hundred Six and 94/100 Dollars (\$446,606.94) in Fry Road Improvements. The improvements consisted of bituminous overlay paving work and intersection improvements at Fry Road and State Road 135. Additionally, the Commission completed a stormwater project that created a hybrid ditch along the north side of Fry Road, near the U.S. 31 intersection. The stormwater work also included an innovative and award winning permeable rain trail that connects U.S. 31 to Northwest Park. These projects were funded by revenues from the Fry Road Development Area.

The Commission continued to focus its investment and planning on the redevelopment of downtown Greenwood. The façade improvement project was substantially complete in 2016 with the RDC contributing Seven Hundred Twenty Seven Thousand Nine Hundred Twenty Eight and 84/100 Dollars (\$727,928.84). Over 20 facades were improved by this investment.

The RDC has developed and launched a new redevelopment program titled G.R.O.W. The program provides Five Hundred Thousand and No/100 Dollars (\$500,000.00) in matching funds for downtown businesses located on either Main Street or Madison Avenue. This program allows for investment in exterior improvements to commercial buildings along Greenwood's historic corridors.

The RDC also completed and/or initiated a variety of other projects. The RDC committed One Million and No/100 Dollars (\$1,000,000.00) of its remaining Pool Bonds to the Community Center remodel. The RDC also paid Three Hundred Thirty Six Thousand Three Hundred Nineteen and 80/100 Dollars (\$336,319.80) to Phase II of the Airport Improvement Plan, and paid Four Hundred Forty One Thousand Four Hundred Thirty Seven and No/100 Dollars (\$441,437.00) to a collaborative project with Clark Pleasant Schools. Additionally, the RDC completed redevelopment and divesture planning for the Old City Hall (Polk Building), initiated Marketing Economic Development Areas, Old Town Redevelopment planning, as well as many other smaller projects.

A complete listing of the RDC's projects can be found in the chart below.

Total Captured Assessed Values increased 10% in Pay 2016. Most of the aggregate growth in captured assessed value was a result of the new 2013 Expansion “Downtown TIF” Allocation Area. Eastside and Fry Road increased Eleven Million Three Hundred Ten Thousand Four Hundred Six dollars (\$11,310,406) and Two Million Two Hundred Eight and Twenty Nine dollars (\$2,208,029) respectfully.

Additional Comments Regarding Activities and Results of the RDC in 2016

The City’s TIF program has been extremely valuable for Greenwood and has facilitated infrastructure projects and commercial development that could not have been achieved without the RDC’s assistance. Through 2016, the Greenwood TIF districts have created over Three Hundred Twenty Eight Million (\$328,000,000.00) in new Commercial and Industrial Assessed Value. This represents 15.07% of the overall City Net Assessed Value.
