

Dear Community Supporter:

Halloween is fast approaching and the Greenwood Parks and Recreation Department will be hosting the annual Monster Mash on Friday, October 20, 2017, from 5:30-8:00pm. This year we are partnering with the Greenwood Fire Department and the Greenwood Police Department. The event will be held outside at the recently renovated community center. We appreciate local businesses taking part in our family programs and would be pleased to have a partnership with your company for this year's event.

The following is a list of the available partnerships:

- Pumpkin Partner \$500
- Broomstick Partner \$250
- Little Ghoul Partner \$50

The Pumpkin Partnership allows you to set up a table (provided by the city) along the hayride route and direct market to our estimated crowd of more than 1,500 guests. We will put your logo on our website in a prime location and recognize your business at the event on our banner.

The Broomstick Partnership allows you to set up a table (provided by the city) at the entry where the kids start trick or treating along the trail and will recognize your business at event on our banner. You'll be able to direct market and pass out candy to over 1,500 attendees. We will also display your logo at our event and on our website to show your support for the City of Greenwood

The Little Ghoul Partnership allows you to set up a table along the trick or treating on the trail (company will need to provide table) and direct market and pass out candy to over 1,500 attendees.

We appreciate the possible involvement of your company in this family event. For any questions please contact me at 881-4545 or schwabn@greenwood.in.gov
Thank you for any support you can give.

Sincerely,

Nick Schwab
Special Event Coordinator
