About EXOS IT

About EXOS IT

EXOS IT is a member of a family of companies under the parent company EXOS, formerly known as Sondhi Solutions, that provides cybersecurity, talent and IT solutions across the United States.

The brand EXOS is shorthand for nature's answer to providing critical support, protection and growth for many living organisms: exoskeletons. At EXOS we believe we provide that same answer for our clients.

Servers

Data Storage

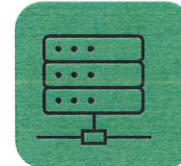

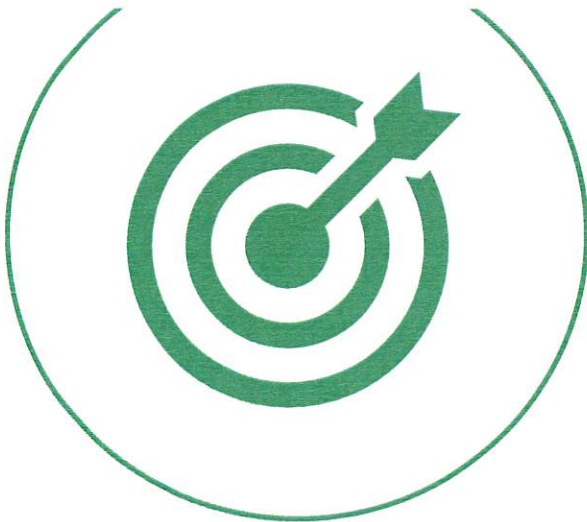

Remaining Priorities

Prioritize replacement of hardware to ensure the stability of what we've now built out.

Put support contracts on the Core servers that expired in July 2024.

Long-Term Goals

Long Term Goals

01
Network Modernization

02
Consistent Hardware Refresh

03
Leverage Best Practice

04
Investment Strategy
