RE: Request for Continuance, Creekstone Primary Plat PC2025-015

Dear Mr. Nelson,

Please accept this letter to formally request that our project Creekstone Primary Plat, PC2025-015, be continued from the Monday May 12, 2025 Plan Commission meeting to the Wednesday May 28 Plan Commission. The purpose of the continuance is to give us more time to work with staff on a few infrastructure matters, including sanitary sewer service and certain street design elements. We request to be heard at the May 28 Plan Commission with no further notice. A representative from the development team will be at the meeting next Monday May 12 to answer any questions there may be.

Sincerely,

Paul C. Claire  
VP of Land Acquisition & Development | Indianapolis Division
