THANK YOU
HEALTHCARE PROVIDERS

6/23/21

Dear Mark,

I've intended to write to you for several weeks because I want to express my feeling about what might be called the "renewed Greenwood".

I walk almost everyday in the spaces you and the Parks Dept. have developed and maintain. I love walking in the renewed "old" park. It's a far cry from what it use to be. It's beautiful!

The children's play ground is appealing, safe and a fun place for kids.

Please pass along my appreciation to your Parks director for the beautiful and pristine walks, grounds and flower beds so well kept. I carry a bag with me to pick up stray items I find.

We can all be proud of the impression the city presents to its residents and visitors.

A personal note: Everytime I think of you your parents come to my mind. I know how proud they would be of you.

Again, Thanks for making Greenwood special.

Sincerely,
Gary Vandegriff

A photograph of an older couple sharing a kiss at an outdoor event. The man, on the left, has grey hair and a mustache, and is wearing a blue short-sleeved button-down shirt. A medal with a red, white, and blue ribbon hangs from his neck. The woman, on the right, has short brown hair and is wearing glasses and a sleeveless top with a colorful floral pattern. They are standing close together, their foreheads touching. The background is a blurred outdoor setting with trees and a crowd of people, suggesting a festival or fair. The lighting is warm, indicating it might be late afternoon or early evening.

A close-up photograph of a blue metal shovel digging into dark, rich soil. The shovel's blade is partially buried, and its handle extends upwards. The background is a blurred landscape of dry grass and soil. Overlaid on the center of the image is the text 'ECONOMIC DEVELOPMENT' in large, bold, white, sans-serif capital letters. On the shovel's blade, the 'WÜRTH' logo and some smaller text are visible.
